Report of the CCPM Nominating Committee

This year, one CCPM Board Director position will be vacated with Raxa stepping down from the Board after completing her two 3-year terms. The Nominating Committee put out a call for a Board Director position in February 2020. The announcement was sent monthly until May. Four individuals requested more information on the role of a CCPM Board Director and the role of the Registrar. After discussions with the candidates, three indicated their willingness to stand for election as a CCPM Board Director.

- 1) James Chow (MCCPM 2003, FCCPM 2007)
- 2) Geetha Menon (MCCPM 2007, FCCPM 2014)
- 3) Joe Hayward (MCCPM 2002)

The time commitment of the role of Registrar was explained to all three individuals. Drs Chow and Menon indicated that they had no problem in fulfilling this role. Since Dr. Hayward is a non-fellow, the Board has decided that if he gets elected, he will take on the role of Secretary-Treasurer since this role can already be filled by a non-fellow without any significant changes. Dr. Hayward is willing to take on this role if elected.

The Nominating Committee presents these three candidates for election as Board Director to the Canadian College of Physicists in Medicine.
